

2024 Bright Horizons School Readiness Survey

The results are in!

Are **Bright Horizons**® alumni ready for school? We surveyed hundreds of parents of recent graduates — and their teachers — to see what they had to say. The result? A resounding “yes!” Here’s what we learned.

93%

of Bright Horizons
parents

94%

of elementary
school teachers

said Bright Horizons
played an important role
in preparing children for
success in school

Bright Horizons parents and elementary school teachers agree — these are the top three skills for school readiness:

- 1 Social skills
- 2 Emotional skills
- 3 Learning skills

At **Bright Horizons**®, children learn about themselves and the world around them. Social-emotional learning — a foundation of our *Discovery Driven Learning*® framework — helps them navigate relationships with their friends, family, teachers, and others, by learning life skills and communication strategies. And our guidance becomes lessons that stay with them for life.

95%

of parents were impressed by their child's social-emotional skill development

They said their child was:

- Ready to work and play collaboratively with peers
- Equipped with skills for making friends
- Prepared to adapt to a new school environment and new rules

94%

of parents were pleased with their child's acquisition of learning skills

They said their child was:

- Equipped with a strong enthusiasm for learning
- Prepared to pay attention and take on tasks
- Ready to approach a problem or challenge in a creative or resourceful way
